ABOUT

Through a biblical worldview Truth to Consider Ministries (TTC) helps God's people stay informed, edified, and equipped so they can live up to God's calling. Through writing, speaking, and teaching, Dr. Eloy Puga seeks to work through topics that interrelate the Bible and a person's walk with the Lord. In the life-giving words of Jesus, "Whoever has ears, let them hear."

BIOGRAPHY

Eloy Puga (Brother EP) is a Mexican-American speaker and author whose messages challenge and inspire! Intensity. Significant. Graceful. Timely. Truthful. These words relate to Eloy's delivery and subject matter. Knowing he'll be accountable to God for what he says or doesn't say, he seeks to please the audience of One. The Lord has taught Brother EP much throughout the years, and from God's molding he communicates truth in love.

Growing up in the inner-city of Detroit, Michigan, Eloy's upbringing was occupied with street life activities and hip hop music. He was deeply influenced by hip-hop culture during the golden age of hip-hop (mid 80s-mid 90s) and he started rapping in his teens, eventually starting a record label in his early 20s. A few years later, Eloy was powerfully transformed by God through a mighty saving encounter with the Lord Jesus Christ. He immediately repented of a sinful lifestyle and has been on fire for the Lord ever since!

Since his salvation experience two decades ago, Eloy has been involved in various ministry roles including: teaching/preaching, evangelism, group leadership, Sunday school, church planting, prayer meetings, discipleship, etc. As he teaches the Bible and on Bible-related subjects he aims to make the experience relevantly exciting to the spiritually thirsty soul.

Brother EP is a God seeker. As he seeks to worship God in spirit and reality, one of his life goals is to impact those who seek a deeper understanding and walk with God. His awareness that "only hungry hearts desire the bread of truth" helps guide him as he ministers.

Eloy enjoys communicating on various topics including: living out your faith, spiritual transformation/growth, and theological subjects. Apart from these matters the Lord has gifted him with the ability to convey God's truth and principles on other aspects of life.

He brings a passion that is gracefully balanced with intellect and Holy Spirit sensitivity in hopes of meeting each person where they are while challenging them to grow in the grace and knowledge of God. Some may describe Eloy as a light mixture of Watchman Nee and Billy Alsbrooks. Boring he's not!

Aside from God-related themes Eloy enjoys challenging himself through fitness events (Rogue challenges, the CrossFit Open, races, etc.), being a lifelong learner, and spending time with his wife Jennifer, daughter Mari, and son Trey.

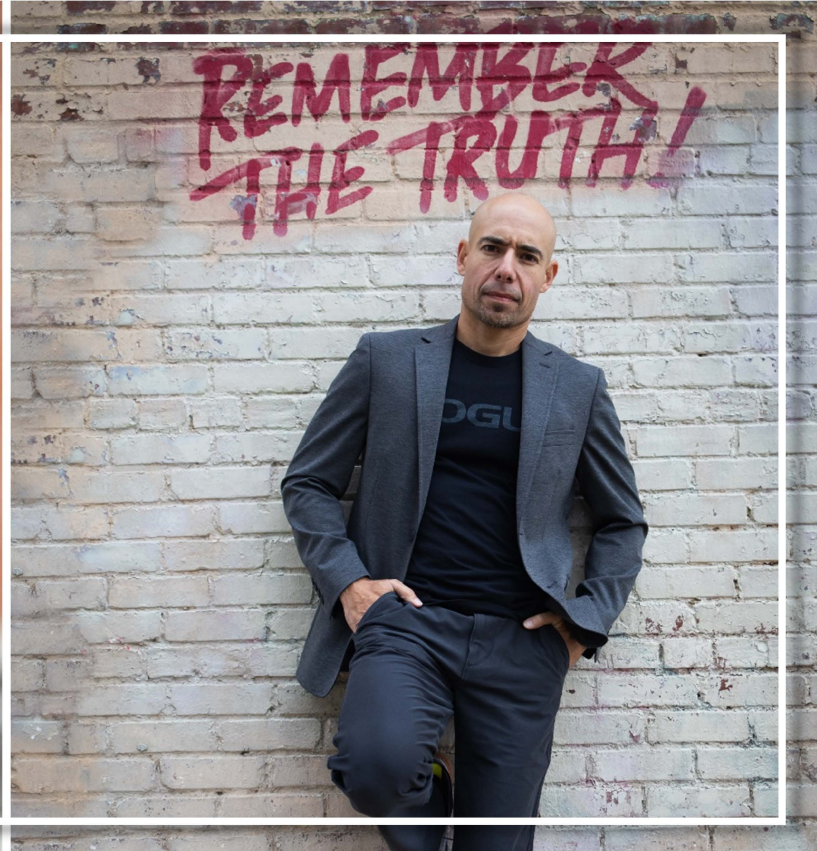

Dr. Puga has held college faculty positions in Philosophy and Christian Thought. He earned a BA (Philosophy) from the University of Michigan - Dearborn, a MA (Apologetics) from Luther Rice Seminary, and a DRS (Apologetics and Theology) from Trinity Theological Seminary. Eloy is the founder of Truth to Consider Ministries and author of three books including *Messiah Jesus*.

THE SOUL OF TRUTH TO CONSIDER

The Lord Jesus has stated multiple times in the Gospels and in Revelation, “he who has ears to hear should hear.” In essence, Jesus was calling His hearers to truly pay attention to what was being said and to take appropriate action. Some people are attentive to what they hear others are not. The elements sprouting from Truth to Consider may benefit all believers, however, the ones who have ears to hear are the ones who benefit most.

As the second coming of Messiah Jesus draws near, one’s relationship with God should be taken more seriously. God’s purposes must be primary and everything else secondary. Truth to Consider Ministries seeks to aid those who desire a more genuine experience with God because they themselves are not satisfied with lukewarm Christianity. To put it another way, those who decidedly seek to honor the Lord in every area of their lives or those who desire to go to the next level are the ones who may resonate with the soul of TTC.

SEMINAR OFFERINGS

Inform, Edify, and Equip

Church meetings, conferences, break-out sessions.
Topic or Scriptural focus with practical application.

A Time with Brother EP

Smaller retreat-like (or small group) setting dealing with various topics to challenge, inspire, and help move each person to the next level of greatness. Through biblical teachings, interactions, sharing, prayer, and seeking God, each person will be practically equipped to live up to their full potential. By God's grace all will forever be changed.

SPEAKING TOPICS

- Living Out Your Faith
- Spiritual Transformation/Growth
- Theological Subjects (Christology, Eschatology, Apologetics, etc.)
